### **How to Develop a Curriculum 15 Steps with Pictures**

A curriculum often consists of a guide for educators to teach content and skills. Some curricula are general road maps, while others are quite detailed and give instructions for day to day learning. Developing a curriculum can be quite challenging, especially when expectations have such a large range. No matter the situation, it is important to start with a general topic and bring in more details with each step. Finally, evaluate your work to see if any changes need to be made.
